Sir,

Sub:Education - Fisheries - School Uppoor - Building extension - sanction of.

The Fisheries Elementary school at Uppoor which is a permanent one is housed in a rented building and a rent of Rs.23/- p.m. is being paid to it now. The accommodation available in the building is 64 against the strength of 83. The strength is expected to increase to 90 in the next year. Moreover the teaching of coir handcrafts has been introduced at this school from last year onwards. The accommodation is therefore quite inadequate and so the building requires extension atleast to provide 50 more school places. The owner of the building has agreed in writing to put up the extension and receive the rent fixed by the Public Works Dept. The Inspector of Fisheries,Udipi reports that the probable cost of constructing the extension will be about Rs.3000/- and the approximate additional rent to be paid will be Rs.15/-p.m.

In the circumstances stated above I request that the Govt. may be pleased to grant permission to the owner of the building in which the Fisheries school at Uppoor is being housed to put up an extension to the present building so as to provide additional accommodation for 50 pupils on a assurance of paying the rent fixed by the Public Works Department on completion of the work.
